

# Desol Associated Engineers (An ISO 9001-2015 Certified Company)

<https://www.indiamart.com/desol-associated/>

Desol Associated Engineers is one of the Chief Manufacturers of a range of superior quality Material Handling Equipments, Hand Pallet Truck, Industrial Lifting Equipment, Lifting Equipments and Overhead Cranes in India.

## About Us

Incepted in the year 2000, we have grown rapidly under the able guidance and leadership of our management. Our strength lies in our fully equipped infrastructure and richly experienced workforce. Our workforce have a deep insight of material handling industry. This experience has helped us understand the varying needs of our clients. We believe that clients may have similar needs, but the needs are never identical. Therefore, we offer customized, tailor made plans for all our customers. Therefore, you need a company like us to cater to your needs.

We believe that a company has to innovate and evolve continuously in order to survive in today's competitive world. Therefore, we keep an eye on the changes happening in the technology both in India and abroad, and also the changes in the client requirements. We try to incorporate these changes in our product portfolio. We are committed to increasing our customers' efficiency, yield and processes through offering them varied and pioneering product offerings.

We are one of the few manufacturers who believe in forging long term relations with our clients. We have a team of able after-sales-service professionals who are available round the clock at your service. We have a ready stock of spare parts for quick supply. We are your one stop shop for all your material handling needs.
